Agenda Item: FY 18-22 Spending Plans

- An additional \$1,636,589 needs to spend in FY 19 (by June 2019).
- Potential solutions for FY 19 & 20 is to let projects earlier. i.e. projects that are scheduled to let in July or August could be accelerated (after discussion between INDOT, LPA and NIRPC) and let in March or April
- Almost \$62,000 left on the table for FY 18, some of these funds were allocated to Chessie I

---------	------	---	----------------------------	--------------------	----	------	--------------	--------------	------------

The City of Gary proposes shifting the scope of the Ridge Road Reconstruction project (DES#1172078) to the 15th Avenue Gateway project. The \$3,000,000 in reallocated funding would go toward the repaving and reconstruction of 15th Avenue, Michigan Street, and Texas Street, between Interstate 65 and Martin Luther King Boulevard. This shift aligns the City's infrastructure improvement dollars with a project in a key economic development area, where existing Tax Increment Financing from the City's Midwest Center TIF District can provide a viable source of local funding to match the project's federal grant dollars.

---------	------	--	----------------------------	--------------------	----	------	--------------	--------------	------------

The City of Gary proposes shifting the remaining funding from the Ridge Road Reconstruction project (DES#1172078) to the East Lakefront Complete Streets project (des number is Pending). The anticipated \$2,060,000 in reallocated funding would match \$6.1 million in pledged state and local funding, and go toward adding bike lanes, and improving sidewalks, landscaping, lighting, and signage on Lake Street and US 12 & 20. This project will advance transit-oriented development and economic development around the Miller South Shore commuter station and improve access to the Indiana Dunes National Lakeshore. This shift aligns the City's infrastructure improvement dollars with a project in a key economic development area, where existing Tax Increment Financing from the City's East Lakefront TIF District, and other sources, can provide a viable source of local funding to match the project's federal grant dollars .
